Road Investigation Report Highlights

The Financial Condition of Department Termed Deploable.

Salient points in the preliminary findings of the Joint Highway Investigation Committee are:

The committee has never been able to obtain an accurate or frank statement of the department's true financial condition.

There are no funds available for road building for two years in the Highway Commission carried on its moral obligations to the counties.

Committee have paid the department \$50,000, for which they have received nothing.

An actual deficit of \$3,750,000 exists, instead of a surplus of \$223,000, as alleged by the latest audit.

The department, dominated heretofore by Governor Simpson and former Highway Engineer J. S. Watkins, now into a vicious political machine.

Members of the old commission are charged with having tried to them and later, with promises of road projects, to defeat the com-

mission reorganization bill. Corrosion was exercised upon department members to conceal various schemes to "fix" the road law.

It is impossible to count the number of malfeasances.

The committee charges will be John Johnson in the belief that the old State Highway Law was enacted in order to destroy records of malfeasances.

Secret conferences between former Commissioner Con. Crum and certain leading house and bridge builders are mentioned.

Various schemes were concocted for the benefit of certain favored contractors.

Referring to John Simpson's collection of funds to influence members of the legislature, it is stated that the governor was not a successful collector of funds, and it is to be expected that the possibility of the governor were not successful in this regard.

Reviews in detail malfeasances of the department, with the department's record in the past, have been denied facts developed by the committee. It is stated that the department is "forced to conclude" that a personal profit of \$2,500,000 was sought from sale of bonds.

Minutes of the commission were forced and declared.

Governor and legislators of at least two commissions. No action was taken up above the department in looking out millions in county funds.

KENTUCKY AUTHORS

(By John C. Waters)

W. H. Townsend, a lawyer by profession, is the most outstanding authority on Abraham Lincoln in the entire United States. He has been a great admirer of Lincoln, and has studied him for many years. Three books have come from the pen of Townsend in his honor. About \$800 volumes about Lincoln, the great emancipator. Townsend's collection contains all of Lincoln's law many relics, manuscripts and letters written by him.

Townsend was born May 31, 1880, at Glenboro, on Salt River, in Anderson County, Kentucky. He is the son of Dr. Oliver L. and Susan Mary Townsend. Dr. Townsend was a well-to-do county doctor and had a wide practice in his community. The son, W. H. Townsend, is a graduate of the University of Kentucky, receiving his degree in the class of 1913. On June 16, 1915, at the age of thirty-five, he married Miss Genevieve, daughter of Mr. and Mrs. Genevieve, aged 13 years.

Other than various newspaper and magazine articles about Lincoln, Mr. Townsend has written the following books:

"Abraham Lincoln, The Debutant," the book was published by Houghton Mifflin Company and came from the press in 1923.

"Lincoln, the Litigant," was published by the same company and made its appearance in 1925.

"Lincoln, and his Wife's Home Town," is his latest book and came out in 1928.

It is a book of considerable attention, and in having a wide and large sale. This book was reviewed at length by Paul Angle, secretary of the Abraham Lincoln Association in the February issue of the Kentucky issue of the Kentucky Progress Magazine.

Mr. Townsend is associated with James Park in the profession of law in the city of Lexington. For ten years he has been corporation counsel for that city.

His book, "Lincoln, the Litigant," has been a great success. Many of his maternal and paternal kinsmen were Southern soldiers and slave owners.

This love of Lincoln is yet a young man and we hope he will turn out many other volumes as useful and interesting as his past books have been.

Needs Verification

A plumed man rode that a wreath deposited by Emperor William on the tomb of Saladin at Damascus, and bearing his own name as well as Saladin's, was presented by the Arab guardian of the tomb to Colonel Lawrence upon the occasion of his triumphal entry into the city with the Arab forces of the Emir Faisal. But like other stories centered around that romantic personality, this one should be accepted with due reserve.

Home-Makers Luncheon

(By John C. Waters)

Lynn Grove Home-makers were host at luncheon March 13th in the house economics room of the high school.

The business session took place in the morning with the President, Mrs. B. W. Story, presiding. Roll call was answered by telling "the house cleaning help I find most helpful." Minutes of the last meeting were read by Mrs. Gordon Crouch, secretary, corrected and adopted. For new business, Miss Wilkus suggested to the women to discuss some plans for improving and refurbishing the ladies' room in the court house.

Many good ideas were given, but no definite plans made, but will be taken up later. Each member tried to do her part in this work.

The home improvement lesson was discussed by one of our members, Mrs. E. B. Montgomery, by Miss Wilkus. Floor and floor coverings was the subject for discussion. Mrs. Harris displayed a very beautiful and useful rug and made of feed sacks. Ideas for floor stains, worn out linoleum and rugs were given by Miss Wilkus. Motions were then made that the meeting adjourn for lunch.

When we reached the dining room we found two long tables beautifully decorated with jonquills in green vases. Covers were laid for fifty home-makers with modern place cards. Our menu consisted of fruit cocktail, tomato salad on lettuce, beef loaf, green beans, brown gravy, dressed eggs, corn of light bread, hot rolls and butter, angel food pudding and Kaffee.

Miss Wilkus presided at the table, songs were sung and introductions made. Mrs. B. W. Story presided. Mrs. E. B. Montgomery, "master home-maker" with a gold crown laden with brilliants. She also presented Mrs. Gattie Clifton with a little token.

Mrs. Clifton has the highest score in saving kitchen in the state of Kentucky. Miss Montgomery, Mrs. Clifton and Mrs. Story, all reported on Farm and Home Week in Lexington. Very interesting talks with many good suggestions were given, there was also jokes and fun by all. Cheers of appreciation were given to our waitress, Mrs. Alpha Ford. Misses Mason Crawford, Mary Douglas and Reba Sims. Also thanks extended to Mrs. Goldie Dunn, housewife, economics teacher for her room.

The afternoon was spent in demonstrations on preparing of health foods, using Kellogg's products. This was given by Mrs. B. W. Story, assisted by Mrs. E. B. Montgomery. The day was well spent by the following home-makers and visitors:

Miss Sadie Wilkus, (Home Demonstration); Mrs. Gattie Clifton and Mrs. Luther Hughes of Penny club; Mrs. Outland, of Potterytown; Miss Erin Montgomery, of New Concord; Mrs. Murdock, Mrs. Adams, Mrs. Armstrong, Mrs. Derrington and Mrs. E. Mrs. Harris displayed a very beautiful and useful rug and made of feed sacks. Ideas for floor stains, worn out linoleum and rugs were given by Miss Wilkus. Motions were then made that the meeting adjourn for lunch.

When we reached the dining room we found two long tables beautifully decorated with jonquills in green vases. Covers were laid for fifty home-makers with modern place cards. Our menu consisted of fruit cocktail, tomato salad on lettuce, beef loaf, green beans, brown gravy, dressed eggs, corn of light bread, hot rolls and butter, angel food pudding and Kaffee.

Miss Wilkus presided at the table, songs were sung and introductions made. Mrs. B. W. Story presided. Mrs. E. B. Montgomery, "master home-maker" with a gold crown laden with brilliants. She also presented Mrs. Gattie Clifton with a little token.

Mrs. Clifton has the highest score in saving kitchen in the state of Kentucky. Miss Montgomery, Mrs. Clifton and Mrs. Story, all reported on Farm and Home Week in Lexington. Very interesting talks with many good suggestions were given, there was also jokes and fun by all. Cheers of appreciation were given to our waitress, Mrs. Alpha Ford. Misses Mason Crawford, Mary Douglas and Reba Sims. Also thanks extended to Mrs. Goldie Dunn, housewife, economics teacher for her room.

The afternoon was spent in demonstrations on preparing of health foods, using Kellogg's products. This was given by Mrs. B. W. Story, assisted by Mrs. E. B. Montgomery. The day was well spent by the following home-makers and visitors:

Miss Sadie Wilkus, (Home Demonstration); Mrs. Gattie Clifton and Mrs. Luther Hughes of Penny club; Mrs. Outland, of Potterytown; Miss Erin Montgomery, of New Concord; Mrs. Murdock, Mrs. Adams, Mrs. Armstrong, Mrs. Derrington and Mrs. E. New Medicine Banishes Stomach
Ills of Long Standing And
Brings High Praise

MRS. STELLA EVANS

"I suffered for a long time with a severe case of stomach trouble," said Mrs. Stella Evans, 504 South Broadway, Lexington, Ky. "I had little or no appetite and when I did eat I was sure to suffer acute distress. Undigested food caused me accumulations, which bloated me until I became short of breath, and often nauseated. I steadily lost weight and my nerves became weak and raxed. My general health was becoming badly run down and my work was drudgery."
"Several of my neighbors and friends had taken Konjola with wonderful results, and they finally prevailed upon me to give this medicine a trial. It seemed but a few days before I began to get re- sults, and I continued until I had taken four bottles. Today my stomach ailment has completely passed away. I have an excellent appetite and eat what I wish with- out discomfort. My nerves are in fine condition and I sleep well at night. I am taking on weight and strength."
Konjola is sold in Murray at Dale, Stubbelfield & Co., drug store, and by all the best drug gists in all towns throughout this entire section.

Another Joke Bill

The legislature, having sub- mitted to the Governor the bill to re- duce the tax on real estate, is prob- ably putting thumbs in vest ar- m-pits and congratulating itself on what it has done to ease the bur- den on property owners. It is to be wondered if the property owner is expected to fall for it.
This bill has been dedicated to the harassed farmer. The inter- ests of the farmer loom large in legislative talk, his welfare is al- ways getting something done for

Expect Hog Prices to Equal Last Year

The best available information as to prospective supply and demand conditions indicates that hog prices this year will average as high, if not higher, than last year, says the department of markets of the University of Kentucky Experiment Station.
A reduction in commercial slaughter of hogs for the year ending next September is expected. Marketings since last September have been lower than during the corresponding period a year ago. Supplies during April and June will likely be somewhat larger as a result of a 1 per cent increase in farrowings last fall, but supplies next fall probably will be smaller again, compared with marketings last year.

Farm Bureau Executive Visits Calloway County

M. B. Nugent, executive secretary of the Kentucky Farm Bureau Federation, was in Murray Friday to offer his services to the farmers of Calloway county.
Mr. Nugent has held his position only since last October but since that time has organized farm bureaus in fifteen counties.

He is also visiting Graves, McCracken, Marshall and other purchase counties and will return soon when efforts will be made in these counties to establish county farm bureaus.

While cold weather destroyed the peach crop in Graves county, the injury to trees probably will not be so great as first thought.

There is much interest in pastures in Caldwell county, due to the success of grass tests made on the Experiment Substation farm near Grimselton.

2 Glasses Water, Not Too Cold, Help Constipation

One glasswater is not enough—take 2 glasses at half hour before breakfast. You get quicker and better results by adding a little simple glycerin, saline, etc. (known as Adierika) to one glass. Unlike other remedies, Adierika acts on BOTH upper and lower bowel and removes old poisons you never thought were in your system. Adierika stops GAS and sour stomach in 10 minutes! COMPARE VALUES BEFORE YOU BUY AN AUTOMOBILE

Low charges for distribution of the new Ford
save you at least \$50 to \$75 in addition to
the many savings in making the car

THESE are days when every dollar counts. The period of reckless spending is over. People are going back to the good old-fashioned principles of thrift and economy. Value is again being carefully considered.

Nowhere is this more important than in the selection of an automobile. For the purchase of a car represents a considerable investment. It should not be decided on hurriedly, but only after analyzing every important factor that concerns cost, value and performance. The time to do this is before buying—not afterward when it is too late.

ON THE basis of cost, performance and the actual comparative worth of every part, the new Ford is a value far above the price you pay. It is made of better materials and with greater care and accuracy because of the recognized efficiency and economy of Ford manufacturing methods.

The value of these methods is known and understood by millions of people. It is not generally realized, however, that these same principles of efficiency and economy are applied also to every step in the distribution of the Ford car. The low cost of selling, financing time payments, etc., means a direct saving to you of at least \$50 to \$75 in addition to the money saved by Ford economies in making the car. There are definite reasons why this is so.

(1) The Ford dealer does business on a smaller margin of profit because of the greater number of

cars he sells. His discount or commission is the lowest of any automobile dealer. The difference in your favor, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

(2) No expensive extra equipment is needed when you buy a Ford. The car leaves the factory ready for use. The f.o.b. price includes a Triplex shatter-proof glass windshield and an extra steel-spoke wheel, in addition to four Houdaille double-acting shock absorbers and fully enclosed four-wheel brakes. Any accessories you may wish for your individual taste are sold considerably below the usual prices.

None of these charges for selling, financing or accessories is marked up or increased to cover a high trade-in allowance on a used car.

Get all the facts, therefore, before you buy and figure out just what you are getting for your automobile dollars. Go beyond the f.o.b. price and find out how much more you pay the dealer than the dealer pays at the factory. Analyze the used-car allowance. Compare all charges—item for item—value for value.

WHEN you do this you will have a new appreciation of what the Ford Motor Company and Ford dealers are doing to keep down the cost of Ford cars. You will also know why it is possible to put so much real value into the new Ford and still retain the low price. The money you pay goes for value in the car. It is not wasted in excessive costs in manufacturing or selling.
